## DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous membrane of the Eustachian tube. When this tube is inflamed you have a running sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. The cases out of ten are caused by deafness, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Sent for circulars free.

## THE "SHORT" HAS

## A SEVERE SHOCK

The mixed passenger and freight train from Homosassa and Dunnellon left Ocala just at dark, narrowly missed a freight train. The train was backing in, as usual, and stopped at the water tank. In the extreme northern portion of the tank, the engine was uncoupled and took several freight cars onto one of the spur tracks. Just at this time, and while the locomotive was frequently moving the train at this point to bring in passengers, were keeping up a continuous shout in their bids for patronage. A passenger car was seen to be rushing down on the train with great speed. Several of the passengers were out on the platforms and quickly jumped off, but there was a good deal of confusion, and several of the others did not get off in time. Mr. J. W. Pearson, who stands on the platform when a man belated him and a yell, shot Mr. Pearson off and jumped himself. Mrs. Tignor was a passenger and jumped off, fell and sustained a few scratches from her roll down the bank. Wake Wells, with Mr. Farrar of the International Harvester Company, and another machinery man, were in the smoker and heard the racket. Mr. Wells looked out of the window, saw the danger and jumped out of an open window. One of the others thought he was joking, or going too hastily for a machinery order and grabbed him by the leg and held him for a few precious seconds dangling out of the window. He then realized that there was trouble, dropped Mr. Wells, who fell almost under the wheels, and belated himself. Farrar jumped off behind the car, or in front as the train was backing out, and when the car struck was barely out from under the wheels. The third man with them rushed for the door, but Farrar had closed it as he jumped, and this saved the man's life, for he turned back just in time to save being crushed to death on the passenger platform, but did not escape entirely, as he was mashed against the partition and badly bruised, and today is confined to his bed. The train was knocked back a hundred feet, and with the exception of the demolished platform was not very injured. The rear of the freight car was mashed in pretty badly, though as it was a very heavy and solidly built car, it was able to take its load on to Jacksonville. This car was loaded with household furniture, consigned to Jacksonville and escaped from the wrecked yard. A. C. I. while the train was shifting, and by the time it reached the passenger train was going at a terrific speed.

## Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of dyspepsia as proposed by Dr. Pierce's is following after Nature's plan of restoring health.

He uses natural remedies that extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Leading ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry Lark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for chronic, lingering, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, at all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpid liver, or biliousness, obstinate constipation, kidney and bladder troubles, and catarrh, no matter where located.

You don't have to take Dr. Pierce's Discovery alone as to this what he claims for his "Discovery" is backed up by the written of the most eminent men in the medical profession. A request for postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthily worth attention. It speaks a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little Pellet is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Complete Medical and Surgical Adviser. A splendid 600-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Some rare bargains in Haviland china at the Postoffice Drugstore.

Mr. I. F. Berry, a prominent trucker of Center Hill, was in town today, being drawn hither by a member of the fair sex who was taking her vacation.
